Population. The population of the Colony, as shown by the Census taken on the 3rd April, 1881, amounted to 751,468 persons. Males numbered 411,149, and females 340,319, the percentage of the former being 54·71, and of the latter 45·29; so that the male exceeded the female sex by 9·42 per cent. The total addition to the population during the last decade was 247,487 persons, or 49·10 per cent. For the previous decade it was 43·64 per cent. The distribution of the population under the following heads was as follows:—

Thus we find that the excess of males over females in the City and Country Districts was 5·24 and 12·74 respectively, but in the Suburbs females were in excess of males by 1·48 per cent.

From the quantity received, there were 104,445 ounces sent by Escort. The following table shows the quantity and value produced from each district :—

The particular localities in the Western District which produced the largest quantities of gold are Bathurst, Carcoar, Orange, Hill End, Mudgee, Forbes, Gulgong, and Wilcannia; in the Southern District, Temora, Adelong, and Braidwood. There were 4,297 miners employed, of whom 3,557 were working under ground and 740 above ground. The largest production in the Newcastle District from any single mine was from the "Wallsend." Then in order of production came "The Australian Agricultural Company," "Co-operative Newcastle Coal-mining Company," and the "Lambton."

The mines in the Wollongong District, in order of production, stand as follows:—"Bulli," "Osborne Wallsend," "Illawarra," and "Coal Cliff," the total output being 252,967 tons.

The produce of the mines in the Hartley District amounted to 163,842 tons, nearly the whole of which was the output of "The Vale of Clwydd," "Bowenfells," and "Esk-bank Mines," and the "Esk-bank Iron Works," at Lithgow.

Shale.

There were two mines in operation in the production of Shale during 1881—the "The Hartley Vale" and "Joadja Creek." The quantity raised was 27,894 tons, valued at £40,748. The number of miners employed in this undertaking was 231.

Live Stock.

The Return of the number of live stock in each Electoral District of the Colony for the year ending 31st March, 1882, gives the following totals of each description of stock from 36,979 Stock-holders :—

Cattle	2,180,896
Sheep	33,062,854
Pigs	213,916
	35,804,597

According to the figures of the Chief Inspector of Sheep, the number of sheep in the Colony at the end of the year 1881 was 36,591,946. As compared with this return, that of this Department, which embraces a period of three months of the current year, shows a deficiency of 3,529,092 sheep. No doubt some discrepancy is to be looked for, as the periods of which the respective returns treat are not identical. This, however, does not appear to me to account altogether for the difference. I am informed that at the time of the year the schedules are collected by the Police for this Department large numbers of sheep are changing owners and travelling, and this, I believe, may account to some extent for the difference in the totals of the respective returns. There was also great loss of sheep in some parts of the Colony at the beginning of 1881 by drought. I may mention that the previous year's Stock Returns were not collected by the Police, but by those engaged in taking the Census, and here again we find that the total number of sheep found in the Return of the Chief Inspector of Sheep is greatly in excess of the number returned by this Department.

FITZ ROY DRY DOCK, COCKATOO ISLAND.

Conditions.

All vessels belonging to H. M. Navy, the Colonial Government, and men-of-war of other nations, will be admitted to repair in the Fitz Roy Dock, Sydney Harbour, free of any dock dues or rates, but they will be required to repay all actual expenditure of stores, wages, and material.

All other vessels will be liable to a minimum dock-rate of 6d. per ton per diem, if of 1,500 tons register or upwards, and an additional $\frac{1}{8}$th of a penny per ton for every decrease of 50 tons or portion of 50 tons down to a maximum rate of 9d. per ton for a vessel of 300 tons, and all below, as set forth in the scale attached hereto.

Double rates will be charged for the day of docking.

The Dock dues will include and cover the cost of pumping, shoring, wedges, and blocking, and the cost of all labour connected with opening and closing the Dock, and all incidental labour connected with the actual operation of docking a vessel.

No vessel will be permitted to enter the Dock with gunpowder or combustible ammunition on board.

Governor and Executive Council .. — Governor and Executive Council .. — 30 Aug., 1861.

Workshops and Machinery.

Vessels in Dock and private engineering establishments will be permitted to avail themselves of any portion of the machinery of the Dockyard workshops on payment of a rate per hour; preference being always given to the requirements of a vessel in Dock. These charges will be in addition to Dock dues, and in accordance with the rates mentioned in the subjoined Schedule.

The rate for the machinery will include the cost of putting and maintaining the machine in motion, the use of the 20-ton overhead traversing crane, and all tools belonging to the Machine in use, but nothing further.
